

HELPING YOU KEEP YOUR CHILDREN SAFE ONLINE

It is GREAT that so many of our Endeavour families are able to access and engage with our fun, quality online learning programmes designed by our Endeavour teachers to best meet the needs of your child(ren). We hope you enjoy the week ahead of online based learning!

We are all also faced with additional challenges from encouraging our children to be online more than usual during lockdowns. **Their online safety is incredibly important.**

At the beginning of Term 3 Amy Harding (LC3&4 Team Leader/ Digi Tech Curriculum Leader) and myself had the opportunity to participate in some professional development around children and internet safety. We want to share with you a great resource for parents:

Netsafe is an independent non-profit organisation with an unrelenting focus on online safety. They help keep people of all ages safe online by providing free support and resources. Including what to do if you do need to report an incident.

EDUCATION PARENTING STAYING SAFE YOUNG PEOPLE

Boredom buster online activities

There's never been a better time to be on the internet so instead of scrolling through TikTok with no end, check out our boredom buster ...

TikTok is one of the fastest growing social media apps. It's a platform for creating, sharing and discovering short videos. As young people enjoy being on it, TikTok and Netsafe have partnered on the TikTok Family Safety Toolkit to help you and your child safely navigate some of the online challenges and have fun.
